Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner informed the attorney that in view of appeal conference, 103 rejection is withdrawn , however there is no support in the specification for applying liquid composition to keratin material and the only support is for liquid lip color. Attorney informed the examiner that example 22 teaches liquid foundation since [0526] teaches stirring the composition with a stirrer. Attorney authorized the examiner to amend claim 1 and to cancel claims 146-148 and 152-153 by examiners amendment in order to place the application in condition for allowance.
